BEACH HAUS

Courtyard Patio

Our shaded courtyard patio is available for half-buyouts and full-buyouts depending on your type of event and party size.

The courtyard patio is not covered, so in the event of bad weather, the event coordinator will produce a back-up plan for the party, dependent on reservations for that day.

Private Dining Room

Our private dining room is the perfect space for cocktail parties as well as seated dinners, fitting up to 20 guests comfortably.

The private dining room does require a minimum spend, along with a room charge, and can be booked through our events coordinator.

Large Dining Room Table

For parties of eight or more, we offer our large marble table located in the center of our dining room.

As this is considered a large party, there is a minimum spend required for the reservation.

Custom Celebrations

It's our mission to bring to life your event, through menu customization and stellar service.

With the exception of floral arrangements, all decor being brought into the restaurant for an event must be approved in advance with our event coordinator.
